

Exclusive Membership Benefits

Save money, access exclusive resources, and achieve OSHA compliance

Pacific Safety Center members are invested in prevention in their workplaces, from front-line to corner office. Our members receive discounts on training and consulting, as well as access to in-person, electronic and on-the-ground resources.

Membership Benefits:

Video Streaming - FREE, unlimited access to over 900+ training videos for OSHA compliance and general safety, half of which are available in Spanish.

Discounts - Up to 30% discount on Classroom Safety training and consulting, as well as discounts on other PSC services.

Training* - High quality, customized safety training delivered by experienced instructors. On-site training and open enrollment classes are available to meet your needs.

Consulting* - Qualified consultants to assist with OSHA inspections, written program development and more.

Hotline - Unlimited use to find the answers to your most pressing and confidential safety questions.

Record retention - Automatic record retention of all PSC safety training completed by your company.

E-newsletters - Convenient electronic newsletters full of valuable safety information.

Products - Discounts on professional safety materials including software, posters and training programs.

**Training and consulting include discounted rates for qualified consultants to provide safety inspections, written program development, etc.*

Membership Prices:
